

Post Implementation Evaluation Report

Health and Environment – State Self Insurance Fund (SSIF) Claims Data Management System Project

Project Dates: 2/2015 through 1/2016

Project Cost: \$651,821

The State of Kansas Self-Insurance Fund (SSIF) is a self-insured, self-administered section that manages workers compensation claims and benefits for eligible employees, injured in the course of and arising out of their employment with the State of Kansas. The purpose of this project is to acquire a replacement workers compensation claims management and support system that will allow the SSIF to perform its critical mission more effectively and efficiently, make sound compensability decisions, prepare timely and accurate payments to parties (claimants, vendors), account for expenses, analyze claims data, provide claims history data to agencies and actuaries, model program changes, forecast utilization patterns and comply with state Division of Workers Compensation policy and directives.
