Judicial Branch – Electronic Filing Statewide Implementation Project

Project Dates: 3/2015 through 4/2016

Project Cost: \$296,950

This project completed the installation of electronic filing statewide in Kansas. Software licenses were installed in the District Courts per the project schedule. Training of court staff and filers occurred as the licenses were installed across the state. Various stakeholders participated in the project including the judges and court staff, attorneys, information technology professionals, and administrative staff. Documents are now submitted to the court in electronic format using the electronic filing system.
