**Post Implementation Evaluation Report**

**Investigations – KCJIS KDOR Data Integration Project**

Project Dates: 8/2011 through 6/2013

Project Cost: $858,522

This project was driven by the Kansas Department of Revenue (KDOR) Division of Motor Vehicles (DMV) Modernization Project, and was required to integrate the Kansas Criminal Justice Information System (KCJIS) systems with the new KDOR driver and motor vehicle information system. The Kansas Bureau of Investigation (KBI) hosts the Kansas Central Message Switch (CMS) and the KCJIS – the two (2) systems that provide Law Enforcement users with the ability to query the driver and vehicle information.
